## Venezuela

Can avoid HRC dry sending, the committee -  
It is a practical problem

Before issue would be transferred there must be  
a presentation of approval by IAHRC

## Peru

Stresses economic, social & cultural rights as  
well as civil and political rights -

- Draft agreed to clarify -
- Consensus on coop & for develop - (us has voted  
against) - suggestion as made that  
we do not recognize those social & econ.  
rights wh. are part of human rights -

After 4 yrs. we have come to a  
consensus - on two documents. It is  
the economic ~~instrument~~ instrument which  
is at the heart of reform.

The OAS should accept these 2 documents -  
Intergovernmental Social Justice " et  
the heart of all human rights. "

## Brazil

Pleaseed HRC is becoming so much attention -  
Right to have food clothes, etc are vital.

Rights differ w/ state of development.

In view of H.R. as essentially a national  
problem - warms e.g. interference w/ internal  
affairs of other nations -

Technique must - & neutrality of debate - we  
should seek to find common ground -

Why focus  
on  
we  
against  
O

## Argentina

Agression from abroad is aimed at destroying Argentina - Object of a vast international conspiracy -

Who is violating HR. & whose rights are violated -

For political reasons there is a decision to put burden from ordering on shoulder of some rather than others (i.e. Subversive groups).

Favours strengthening IAHRC - but broadening jurisdiction & making more precise -

## - Costa Rica -

Refers to proposal of linking HR. subsections on the agenda -

Deprives, terrorism & subversion -

Puts up broad definition of HR = social, econ. & political right,

File No. 410 -

### Trinidad & Tobago

Consideration of HR report except basic rights, all begin with respect to life, liberty & security of person, too common place.  
abuse of wealth & dignity of human person. TT guarantees all rights; independent judiciary to guarantee & legal aid  
Rule of law critical; judges must be free from all pressure  
Hemispherically has many bindable declarations in constitutions and in Charter of OAS

Welcome Vane's argument for abolition of Art 8

Some member states refuse to accept present-day reality

TT committed to OAS ideals supports efforts for justice based on justice - .

### Mexico -

UN & OAS charter can we have respect for human rights - nationalistic, but restricted by function or national.

IACHR authorized by int. Statute to visit countries. When voted by Congress of members and accepted by country govt, ~~and~~ of OAS, the visited member not to do it first time, if no grave crime etc. Difficult task to write OAS convention on terrorist acts against internationally protected persons. New international economic order is pertinent to attainment of justice.

OAS reform - nearly four years of work cannot be wasted - no reason to reject product of labor as delay is too long. Long enough now. Collective economic security important - we must achieve what we have been seeking - democratization of the OAS.
